## TRICYCLE ACCIDENT.

Yesterday Bertha Woods, the four-year-old daughter of William Woods, of South Chapline street, was riding on her tricycle on Twenty-fifth street, when it overturned and the little girl was thrown to the ground violently, sustaining a broken arm.

## OF INTEREST TO MEN.

The men's meeting at the Young Men's Christian Association to-morrow afternoon at 4 o'clock will be addressed by Dr. A. D. Mayo, who has been lecturing to the public school teachers this week. All young men are invited to attend. The regular young men's meeting will be held at 7:45 o'clock this evening.

## A QUEER CHARACTER.

A queer character visited many South Side business houses yesterday afternoon and his actions were the source of much amusement. The man in question looked like a farmer, was about fifty years old, and evidently "cracked."

His invariable query at all the places he visited was:

"Have you seen anybody that my soul loves?"

The answer was invariably like the query, "No."

## YOUNG BUT VIGOROUS.

Every day adds to the growth of the German American Savings and Loan Association. Nothing of the kind has ever created so much interest in Wheeling and vicinity. From several neighboring towns inquiries have come with regard to the forming of local branches. Some of the best business men in Wheeling have taken hold of this home institution and will contribute to its success. The office of the association, Room 301, Peabody Building, is easily reached by elevator.

## THE PARK IMPROVEMENTS.

The Wood Bros.' Planing Mill Company, which has the contract for the

bowling alley building at Mozart Park,

has got things in good shape there now,

the work being further advanced than

it was before the late wind storm which laid the structure low. It is now ex-

pected that the building will be completed by the middle of next month.

The same firm has the contract for

the casino building at Wheeling Park,

where a force of thirty-five men are

kept steadily at work. The wood work

will be completed as it is expected on

May 2d when the painters will get at it.

Everything will probably be ready for

the opening by the Elks early in June.

## SWALLOWED HIS TEETH.

A well known South Side business

man met with a peculiar and unfor-

tunate accident yesterday. He went to a

druggist for advice as to the most pleasant

way to take castor oil. The druggist told him to take it in soda water, and swallow the mixture quickly—would

never know he had taken the disagreeable medicine. The druggist prepared the mixture and the w. e. s. b. im-

poured it down his throat with one

mighty gulp. Hardly had he done this

when surprise, consternation and dis-

may in turn played in little wavelike

over his features, and he managed to

say: "I've swallowed my teeth."

The druggist took the man in charge

and tried to resurrect the teeth, which

needles to say were false, but without

success. A physician was then hurriedly called, but he, too, was unsuccessful,

and as a consequence the teeth still re-

main in their new abiding place.

## THE REVIVAL.

Of medicinal agents is gradually re-

lating the old-time herbs, pills, draughts

and vegetable extracts to the rear and

bringing into general use the pleasant

and effective liquid laudanite, Syrup of

Figs. To get the true remedy see that

it is manufactured by the California

Syrup Co. only. For sale by all
